

*Field Assessment Report  
IPA Flood Support Program  
2013*

# Background

- As part of the Flood Disaster that was happened in Jakarta in January 2013, IPA planned to support the people that suffered from flood disaster, particularly in the education sector.
- To follow up this plan, the IPA – CSR Committee has conducted the field assessment in two major areas that affected by the flood.
- The First Assessment was conducted on Wednesday, January 23<sup>rd</sup>, 2013 at North Jakarta Area (Pademangan, Clincing and Koja areas). During the assessment the committee was not found any major impact that caused by the flood to the school facilities in these areas. The picture of first assessment attached.
- The second assessment was conducted on Friday, January 25<sup>th</sup> 2013 at West Jakarta area.
- There are two schools that were assessed namely SLTP Jame Pekojan (Islamic Private Junior High School) in Pekojan, West Jakarta and SLTP Islam / MTSn Chairiyah Mansuriah in Jembatan Lima, West Jakarta.

# *SLTP Islam / MTSn Chairiyah Mansuriah*

## Post Flood Condition

## *Input from Assessment Team*

- Both of these schools are suggest to get assistance from IPA Flood Support 2013.
- SLTP Jame Pekojan is the school that most suffered on their facilities in the Pekojan area.
- We propose that this school shall get assistance such as school furniture, building renovation especially in laboratory, computer room and library.
- At the SLTPI Chairiyah Mansuriyah the worst condition that affected by the flood is inside the library room. Therefore, we would like to propose to IPA for support school books, furniture, and minor renovation for the floor of the library room.
